

Course Overview:

On successful completion of this BPEC accredited course you will be able to apply to be an approved contractor for water regulation purposes. This means that you can self-certify your plumbing work and also work for housing associations and other various non-government bodies. You will also be able to join the WIAPS Approved Plumbers Scheme providing you hold other relevant certificates.

Who Is This Course For:

This course is aimed at practising plumbers working to water regulation requirements. It covers the knowledge required to be assessed on the BPEC Water Regulation certificate.

Key Learning Areas Covered in This Course:

- Introduction, background and legislation to UK Water Regulations
- Materials and substances in contact with water
- Requirements for water fittings
- Water system design
- Installation commissioning
- Cross connections
- Back flow prevention
- Hot and cold water services
- WCs and urinals
- Sanitary appliances and water for outside use

Course Duration / Fees / Location:

1 day training course, £275+VAT per delegate. Available in York, Slough and On-site. Accommodation from £98+VAT (including DBB)
