

AP/SAP HIGH VOLTAGE – MOD SECTORS

CITY & GUILDS ACCREDITED (APHV3)

Course Overview:

This City & Guilds accredited course will enable you to gain the additional knowledge required to carry out Authorised Person/Senior Authorised Person duties and responsibilities in order to achieve compliance with the requirements of the Electricity at Work Regulations 1989 and implement mandatory standards, JSP 375 Vol 3.

Who Is This Course For:

This course is aimed at experienced engineering staff with responsibility for the control, operation or maintenance of installed high voltage systems and who may be appointed as Senior / Authorised Person (Electrical High Voltage). It is also suitable as the 2nd week of the 2-week beginner course, following the High Voltage Operation and Safety course.

Key Learning Areas Covered in This Course:

- Requirements for safe operation of high voltage systems
- High voltage distribution switchgear and equipment
- High and Low voltage distribution systems
- High voltage working and operation
- Safe isolation around standby power supplies and equipment
- Roles and duties of the Authorised Person/Senior Authorised Person
- Practical implementation of Safe Systems to establish safety rules
- Completion of safety documents through practical exercises
- High Voltage protection
- Electricity at Work Regulations 1989 and the published guidance available

Course Duration / Fees / Location:

5 day training course, £1,325+VAT per delegate. Available in York, Slough and On-site. Accommodation from £98+VAT (including DBB)
